16th June 2025

Dear Candidate / Party,

Congratulations on announcing your nomination as a candidate / party for the upcoming Tasmanian State Election.

Ahead of this election, SSAA Tasmania – as a peak body for sporting and recreational shooting in Tasmania – is writing to you to understand your or your party's policies on the recreational and sporting use of firearms in Tasmania, including the collection of firearms. We intend to distribute details from responses (or lack thereof) to our 6,200+ direct members, as well as many of the state's other firearms licence holders.

We ask that any policy statement from a party is signed by the leader of the party as we've seen election statements and promises overturned following previous elections.

Please feel free to reach out to the undersigned should you or your party wish to.

Kind regards,
